Read Statement

1. The datasheets and other product information on the site are all from network reference or other public materials, and the copyright belongs to the original author and original published source. If readers and copyright owners have any objections, please contact us and we will deal with it in a timely manner.
2. The Chinese datasheets provided on the website is a Chinese translation of the English datasheets. Its purpose is for reader's learning exchange only and do not involve commercial purposes. The translation cannot be automatically updated with the original manuscript, and there may also be improper translations. Readers are advised to use the English manuscript as a reference for more accurate information.
3. All product information provided on the website refer to solutions from manufacturers' technical support or users the contents may have differences in description, and readers are advised to take the original article as the standard.
4. If you have any questions, please contact us at marketing@iczoom.com and mark the subject with "Datasheets" .

NOTE 1 Do not apply any excessive stress to the cable assembly position.
2 The drawing shows mated connector height only.

[DIMENSIONS OF CONNECTOR]

RoHS COMPLIANT

[PRECAUTIONS FOR HANDLING]

◆Connector insertion and extraction

a. Insert the connector as perpendicularly to the mating surface as possible with aligning the mating axes of both connectors by specialised insertion JIG.

Part No. : X.FL-LP-IN.OUT1(CL331-0715-2)

Do not excessively slant the connectors when inserting.

b. Connector shall be extracted by specialised extraction JIG.

Part No. : X.FL-LP-IN.OUT1(CL331-0715-2)

Never hold the cable when extracting the cable because it damages the connector.

◆Allowable loads on the cable after the connectors are mated.

The right figures show the maximum allowable loads on the cable.

Do not apply loads exceeding these values to the cable.

◆Please don't apply the power of the direction which lifts a cable. There is a danger that the inserted-in plug will separate. When you perform wiring which curves a cable as shown in the left figure, please be careful.

◆We recommend you to arrange a cushioning medium, as shown in a figure, and to prevent a fitting blank.
